

Chaffee Housing Trust Home Ownership Program

Thank you for your interest in home ownership! To better understand our program, please take some time to carefully read the **CHT Description & Homebuyer Scenario**. It should give you a good understanding of the organization and an example of the accounting on a typical transaction over time.

To begin the process, we need to collect some information from you regarding your eligibility. Please fill out the attached **Chaffee Housing Trust Homebuyer Application** form, and scan/email it to claudia@chaffeehousing.org.

Next, we need to know what your eligibility is for getting a mortgage loan. To do this, we need you to go online and pull your credit history. Please go to www.annualcreditreport.com and click the red button “**Request your free credit report.**” Once you get through all the questions (to confirm your identity), please download all the credit agency reports and **save to your computer as a .pdf file**. They can be long, so printing is not advised. You can email those files, or share them with us in person. We need to determine if there are any issues on your credit history that would be barriers to getting a mortgage approved. If there are issues, we can discuss how to resolve them.

To verify your income, we would need your most recent pay stubs covering **60 days period showing year-to-date earnings**. If you are self-employed, we would need the last **2 years profit & loss statements through the most recent calendar quarter**. In addition, **two most recent Federal Tax Returns and matching W-2 or 1099s for all adult household members**.

To verify your assets, we would need your most recent statements covering **6 months of bank accounts** along with statements from **all other assets including investments** (IRA, 401K, retirement, stocks, mutual funds, CDs, etc.)

Once we have reviewed your credit history, and addressed any concerns (this can take some time), you can then **apply for a mortgage loan**. We provide access to and support for application to two lenders:

- USDA Rural Development 502 Direct Loan Program: typically has a lower interest rate, longer term (33 or 38 years), no down payment required (we ask that you have at least \$2,500 up to \$3,500 at the time of closing or home purchase). This program has provisions for monthly payment assistance if needed.
- High Country Bank – Chaffee Housing Trust Loan Program: conventional financing with current market interest rates, 30-year term, similar down payment as described above.

Please review the **CHT Homebuyer Prep Checklist** for a comprehensive list of the documentation you *may* be required. Ask yourself where these documents may be, or how to get them. Having quick access to the documentation required will speed up the process. Additionally, you will need to fill out the **CHT Release of Information** form so that we can speak with lenders about your application (this gives them permission to speak with us about your application).

Once you have an approved mortgage loan, you will be put on our waiting list based on the date of the approval letter. People at the top of the wait list have first choice of available homes. If that home does not fit your needs, you can stay on the list in that ranked position until something comes available.

This program requires that you attend a **HUD-approved Homebuyer Education course** prior to being able to purchase a home through Chaffee Housing Trust. Course information for HUD-certified Homebuyer Training classes is available by clicking this link. [Homebuyer-Education-Course](#)

Please understand that this is an involved process requiring lots of paperwork and time. Patience is needed to pursue your dream of home ownership. We’re here to help you realize your dreams.

CAUTION—Your Action is Required Soon

U.S. Department of Housing
and Urban Development
Federal Housing Administration (FHA)

OMB Approval No: 2502-0538
(exp. 06/30/2021)

For Your Protection: Get a Home Inspection

You must make a choice on getting a Home Inspection. It is not done automatically.

You have the right to examine carefully your potential new home with a professional home inspector. But a home inspection is not required by law, and will occur only if you ask for one and make the arrangements. You may schedule the inspection for before or after signing your contract. You may be able to negotiate with the seller to make the contract contingent on the results of the inspection. For this reason, it is usually in your best interest to conduct your home inspection as soon as possible if you want one. In a home inspection, a professional home inspector takes an in-depth, unbiased look at your potential new home to:

**Evaluate the physical condition: structure, construction, and mechanical systems;
Identify items that need to be repaired and
Estimate the remaining useful life of the major systems, equipment, structure, and finishes.**

The Appraisal is NOT a Home Inspection and does not replace an inspection.

An appraisal estimates the market value of the home to protect the lender. An appraisal does not examine or evaluate the condition of the home to protect the homebuyer. An appraisal only makes sure that the home meets FHA and/or your lender's minimum property standards. A home inspection provides much more detail.

FHA and Lenders may not Guarantee the Condition of your Potential New Home

If you find problems with your new home after closing, neither FHA nor your lender may give or lend you money for repairs. Additionally, neither FHA nor your lender may buy the home back from you. Ask a qualified home inspector to inspect your potential new home and give you the information you need to make a wise decision.

Your Home Inspector may test for Radon, Health/Safety, and Energy Efficiency

EPA, HUD and DOE recommend that houses be tested and inspected for radon, health and safety, and energy efficiency, respectively. Specific tests are available to you. You may ask about tests with your home inspector, in addition to the structural and mechanical systems inspection. For more information: Radon -- call 1-800-SOS-Radon; Health and Safety -- see the HUD Healthy Homes Program at www.HUD.gov; Energy Efficiency -- see the DOE EnergyStar Program at www.energystar.gov.

Selecting a Trained Professional Home Inspector

Seek referrals from friends, neighbors, other buyers, realtors, as well as local listings from licensing authorities and local advertisements. In addition, consult the American Society of Home Inspectors (ASHI) on the web at: www.ashi.org or by telephone at: 1-800-743-2744.

I / We (circle one) have read this document and understand that if I/we wish to get a home inspection, it is best do so as soon as possible. The appraisal is not a home inspection. I/we will make a voluntary choice whether to get a home inspection. A home inspection will be done only if I/we ask for one and schedule it. Your lender may not perform a home inspection and neither FHA nor your lender may guarantee the condition of the home. Health and safety tests can be included in the home inspection if I/we choose.
